### **Working Content Agenda:**

- Updates to MPEs- due from TSC-1
- Streamline control measures section- only broad information applicable to all applications
- Section 3- above MPE exposures possible? NHZ distances affected by divergence (fiber, lens etc)
- Section 4 – risk assessment drives controls. Signs.
- Review normative appendix (Should medical exams be normative)
- Refresh tables and figures - any additions/changes
  
- Remove classification procedures to SSC-4
  - This will also reduce Appendix B- some move to SSC-4  
**[Subcommittee and Committee discussion- will not be done in this version]**
